# CLOTHES

## WORKWEAR

### A complete range, to work safely

**PIONEER INTERNATIONAL** offers wide range of high-performance, versatile, comfortable and aesthetic workwear at the best value for money. The special features of our Workwear equipments make it unmatched in any activity, with multiple pockets, tool pockets, kneepads and removable sleeves. Our workwear meets the most demanding certifications to offer our customers the protection most adapted to their working environment. Our garments certified to EN ISO 13688: 2013 meet the general mandatory requirements of protective clothing in terms of economy, comfort, safety, stain fastness, dimensional variation due to cleaning.

# APRON

## Be visible to work safely

**PIONEER INTERNATIONAL** offers a wide range of high-visibility workwear. The safety of professionals indoors or outdoors in difficult working conditions is ensured by maximum visibility. Our high-visibility yellow or fluorescent orange clothing with reflective stripes guarantees optimal protection and maximum visibility. These garments reflect light and are breathable, lightweight and extremely durable, protecting you from the rain and the negative temperatures.

## LEATHER WELDING APRONS

### Split Leg Leather Bib Apron

Pioneer Split Leg Leather Bib Apron: Made with the traditional side split cowhide with a bourbon brown color and stitches sewn with Kevlar thread, the apron has two big side pockets. You'll have plenty of room to bring along what you need. The split leg bib apron is 24 inches by 48 inches. One each leg is a side release buckle. The front has metal d-rings. It's a simple, easy and snug protective fit every time.

The Kevlar thread used for stitching will assure strong seams and a long life. It's a well-designed and solidly constructed product which will be with you for a long time. This is yet another example of the finest-quality welding products and apparel at the lowest prices you'll find anywhere.

### Cowhide Split Leg Bib Apron

The Cotton Bib is typical of the superb design consistently delivered by this outstanding manufacturer. The twenty-inch bib light weight. It's comfortable, durable, washable and a great way to save money. Our leather bib apron is a great addition to any workplace, but especially heavy grinding.

Another excellent product is the split leg leather bib apron. Its leather is extremely durable and provides solid thermal and burn protection. The actual bib is two feet by four feet. Each leg has a nice side release buckle. There are two convenient chest pockets.

# HELMET & SUNGLASS

## Auto Darkening Welding Helmet, Black, Digital Elite

### A complete range, to see safely

Our brand Lux-Optical® specializes in eye protection, offers a full range of safety glasses, over-glasses, welding masks, hoods and eye wash accessories. Our goggles combine technicality, modernity and maximum comfort by allowing you to choose models with trendy design or sportswear, with adjustable arms for better support and a non-slip nose bridge for more comfort.
